Purpose of the Advisory Committee:

The Board has used advisory committees for years as an effective method to reach consensus among affected parties (stakeholders). The advisory committee provides input regarding the necessity for, as well as content and organization of, Title 8 modifications to ensure worker safety that is reasonable, effective and consistent with Federal standards and current technology.

Attached for your information are the following:

- 1) Background and overview of the proposed rulemaking.
- 2) Standards Board Decision - OSHSB Petition No. 495
- 3) Staff's rulemaking proposal.
- 4) Meeting agenda.
- 5) Advisory committee roster.
- 6) Directions and area map showing the location for the meeting.

Please review the rulemaking proposal and be prepared to discuss it at the meeting.

Committee members should also be prepared to discuss the potential fiscal impact (costs and/or savings) which might result from changes to the standards as a result of committee deliberations.

If you are unable to attend, please contact me and designate an alternate or submit your written comments to be received in my office not later than Friday, April 30, 2010, so that they may be distributed and considered at the meeting.

Members of the public are welcome to attend and observe the proceedings; however, the Chair may limit discussion by persons who are not Committee members (Attachment #5) if necessary.

Your assistance in the rulemaking process is most appreciated by the Board and staff. Should you have any questions or comments, please contact me at (916) 274-5722 or by e-mail at ctolson@dir.ca.gov
